CONCERT GROUNDS

COMING & GOING

As long as you keep your wristbands on and vehicle passes attached, you are allowed to come and go as you please. If you forget something in the car, you'll be able to run out and grab it with no problems reentering. Even if you need to take your vehicle out of the grounds, you won't have a problem if you have the full-weekend parking pass or the camping vehicle pass properly attached to the windshield.

Please remember: All stickers and wristbands are nontransferable.

ALL THINGS FOOD

We're all about food here in the Midwest, and we've got a large assortment of food and drink vendors available to you on both the North and South side of the concert grounds. Mexican, BBQ, Corn Dogs, obviously the classic Wisconsin cheese curds, and many other options available to you during the concert ground hours! Stay tuned for a full list of vendors that will be available to the festival.

SAFETY & SECURITY

- The medical tent is located on the top of the hill.
- Please make sure you are dressing for our weather. Our Midwestern summers can have a large range in temperature, so check the weather before heading out here!
- The Shirt Shop will be available to purchase clothing, in case you forget something!
- Be sure to plan ahead for entrance into the concert grounds, especially into the evening before the headliners take the stage.
- Everyone will be stopped at the security checkpoint, wanded and bags searched prior to entrance.
- Stay hydrated! There are fresh water stations located throughout the grounds, in case you need water!
